

TRAF-SYS

PEOPLE COUNTING SYSTEMS

Z-Pro People Counter

Flexible Installation, Affordable Performance

- Realize the true profit potential of your operation with accurate traffic statistics.
- People crossing the detection area are counted.
- Flexible design allows for door-frame mount or wall-mount.
- Sensing technology is never confused by color, size or ambient lighting.
- Unique serial number identifies specific doors and locations.
- Battery-powered. No electrical wiring required.
- Optional AC adapters available for direct power connections.
- Small size, light weight, fast, easy and flexible installation.

Traf-Sys Z-Pro People Counters are designed to provide an affordable highly accurate wireless people counting solution with flexible mounting options. These counters can be mounted at the entrance of your facility to measure pedestrian traffic statistics. With features such as lithium ion battery power and large LCD display, these counters are easy to install.

Above: Easy mounting bracket for Z-418 People Counter

If you are looking for an affordable people counting solution, the Traf-Sys Z-Pro People Counters can be used as a standalone solution. The local LCD display shows the current number of counts which can be recorded at the end of each day.
